14 CFR Part 71

[Airspace Docket No. 94-ANM-50]

Establishment of Class E Airspace; Saratoga, WY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes the Saratoga, Wyoming, Class E airspace. This action is necessary to accommodate a new instrument approach procedure at Shively Field Airport, Saratoga, Wyoming.

EFFECTIVE DATE: 0901 UTC, March 30, 1995.

FOR FURTHER INFORMATION CONTACT: James Riley, System Management Branch, ANM-530, Federal Aviation Administration, Docket No. 94-AMN-50, 1601 Lind Avenue SW., Renton, Washington 98055-4056; telephone number: (206) 227-2537.

SUPPLEMENTARY INFORMATION:

History

On October 28, 1994, the FAA proposed to amend part 71 of Federal Aviation Regulations (14 CFR part 71) to establish the Saratoga, Wyoming, Class E airspace area (59 FR 54138). This action is necessary to accommodate a new instrument approach procedure at Shively Field Airport, Saratoga, Wyoming. The area will be depicted on aeronautical charts for pilot reference.

Interested parties were invited to participate in the rulemaking proceeding by submitting written comments on the proposal. No comments were received. The coordinates for this airspace docket are based on North American Datum 83. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9B dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to part 71 of Federal Aviation Regulations amends Class E

airspace at Saratoga, Wyoming. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Project Cost and Annual Limits

Issued: January 31, 1995

AGENCY : Federal Energy Regulatory Commission.

ACTION : Final rule.

SUMMARY: Pursuant to the authority delegated by 18 CFR 375.307(e)(1), the Director of the Office of Pipeline Regulation computes and publishes the project cost and annual limits specified in Table I of § 157.208(d) and Table II of § 157.215(a) for each calendar year.

EFFECTIVE DATE: January 1, 1995.

SUPPLEMENTARY INFORMATION:

Publication of Project Cost Limits Under Blanket Certificates

Order of the Director, OPR

Section 157.208(d) of the Commission's Regulations provides for project cost limits applicable to construction, acquisition, operation and miscellaneous rearrangement of facilities (Table I) authorized under the blanket certificate procedure (Order No. 234, 19 FERC ¶61,216). Section 157.215(a) specifies the calendar year dollar limit which may be expended on underground storage testing and development (Table II) authorized under the blanket certificate. Section 157.208(d) requires that the "limits specified in Tables I and II shall be adjusted each calendar year to reflect the 'GNP implicit price deflator' published by the Department of Commerce for the previous calendar year."

Pursuant to § 375.307(e)(1) of the Commission's Regulations, the authority for the publication of such cost limits, as adjusted for inflation, is delegated to

the Director of the Office of Pipeline Regulation. The cost limits for calendar years 1982 through 1995, as published in Table I of § 157.208(d) and Table II of § 157.215(a), are hereby issued.

Note that these inflation adjustments are based on the Gross Domestic Product (GDP) Implicit Price Deflator rather than the Gross National Product (GNP) Implicit Price Deflator, which is not yet available for 1994. The Commerce Department advises that in recent years the annual change has been virtually the same for both indices. Further adjustments will be made, if necessary.

Wage and Hour Division

29 CFR Part 825

RIN 1215-AA85

The Family and Medical Leave Act of 1993; Deferral of Effective Date of Regulations

AGENCY: Wage and Hour Division, Labor.

ACTION: Deferral of effective date of regulations.

SUMMARY: This document defers the effective date, from February 6, 1995, to April 6, 1995, of Labor Department regulations implementing the Family and Medical Leave Act of 1993, 29 CFR Part 825, which were published in the **Federal Register** Friday, January 6, 1995 (60 FR 2180). This action is taken in order to provide the public additional time to implement the final regulations, including, where appropriate, to revise policies and procedures.

EFFECTIVE DATE: This document is effective February 3, 1995. The effective date of the final Family and Medical Leave Act regulations published in the **Federal Register** on January 6, 1995 (60 FR 2180), is hereby deferred until April 6, 1995.

FOR FURTHER INFORMATION CONTACT: J. Dean Speer, Division of Policy and Analysis, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Room S-3506, 200 Constitution Avenue NW., Washington, DC 20210; telephone (202) 219-8412. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Final regulations implementing the Family and Medical Leave Act of 1993 (FMLA), 29 U.S.C. 2601 *et seq.*, were published in the **Federal Register** on January 6, 1995, with an effective date of February 6, 1995 (see 60 FR 2180). In response to requests that the Department of Labor provide additional time to enable employers and other members of the public to comply with their new responsibilities and to implement revised policies and procedures consistent with the final regulations, the Department is deferring, from February 6, 1995, until April 6, 1995, the effective date of the final Family and Medical Leave Act regulations published on January 6, 1995.

Because these rules are scheduled to become effective very shortly, notice and public comment on this change of effective date is impracticable, unnecessary and contrary to the public interest, and good cause exists for making this deferral effective immediately.

Authority: The statutory authority for this action is as follows: 29 U.S.C. 2654; Secretary's Order 1-93 (58 FR 21190).
